MEMORANDUM FOR: Chief, PPG

FROM:

[REDACTED]
Deputy Director of Security (P&M)

SUBJECT: Personnel Security Study

1. In the late afternoon of 17 June 1980, the Director of Security again met with the DD/CA to discuss the attached package of material. Upon further review of the entire situation, [REDACTED] decided on the following strategy:

a. He will immediately meet with [REDACTED]

[REDACTED] and "buy some time."

b. An internal Office of Security meeting will be arranged in order to have a detailed, substantive and editorial review of Tab A--approximately 12 pages. Participants should include [REDACTED]

[REDACTED] Possibly the DD/PSI may want to attend but we should not go below the Chief, Clearance Division.

c. A key question in the review is--Can we submit this to the Committee with a straight face? In effect is it realistic and reasonable?

d. Later on we submit a complete package to SCC/CIWG with two attachments:

(1) Tab A - The [REDACTED] Paper

(2) Tab B - The [REDACTED] paper, as a straw man, something which shows some work has been done in this area

e. Later on, the proposal will be referred to the Security Committee for appropriate Community comments and some general assessment of costs.

2. A meeting has been scheduled for 1430 hours on Friday, 20 June 1980, and we must get copies of Tab A to all participants prior to that time--hopefully today.
